

NOTE IS NOT READY

The Delay May Be Due to a Desire to Gain Time

EMISSARY ON WAY TO BERLIN

May Be There When German Officials Consider American Note

Washington, June 7.—The note which President Wilson, with the approval of his cabinet, had prepared to be sent to Germany insisting on an adherence to the rules of international law in the conduct of maritime warfare was not cabled Saturday. Word came from the White House in the morning that it had been virtually finished but the document was not given to the legal officers of the state department Saturday as had been expected.

The reason for the delay was not revealed. President Wilson played golf during the morning and went motoring after luncheon with members of his family, returning to the White House after sundown. Secretary Bryan went driving in the afternoon. Counselor Robert Lansing went to the baseball game.

Officials declined to say when the note will be cabled or what its status was. The fact that the president had virtually finished it led to the belief that Secretary Bryan would study it and that it would be given to Counselor Lansing and other officials of the state department to-day for revision and legal detail.

If the communication is not sent before to-night it will hardly reach Ambassador Gerard before Wednesday for presentation to the German foreign office, as about 48 hours is allowed by officials now for transmission of message by way of London and Copenhagen to Berlin.

In some quarters the delay in sending the note was thought to be due to a desire to give Meyer Gerard, personal envoy of Count Von Bernstorff, the German ambassador, now on his way to Berlin on a Danish vessel, an opportunity to reach Germany about the time the imperial government would be considering the American rejoinder. Officials declined, however, to admit that this was a factor in the situation.

Sir Cecil Spring-Rice, the British ambassador at Washington, has transmitted a note from the British government solemnly assuring the United States that the Lusitania was not armed. This assurance conforms with the investigation conducted by American officials before the ship was given clearance from the port of New York by Collector Malone.

Affidavits claiming that Gustave Stahl saw guns mounted on the Lusitania are still under investigation by the department of justice, but officials declared no evidence had been adduced to prove the statements made in the affidavits.

WOMEN'S TRADE UNIONS TO MEET

Several Subjects of Discussion at Convention This Week in New York.

New York, June 7.—The fifth biennial convention of the National Women's Trade Union League of America opened to-day with a mass meeting in Cooper union. The league, which has a membership of more than 100,000, will discuss at the convention the subjects of organization of all workers into trade unions, equal pay, eight-hour working days, living wages and full citizenship for women. Delegates will be present from practically every large city in the United States. Nearly 20 trades, employing women, will be represented at the convention, which will last until Saturday.

END OF STRIKE IN SIGHT.

Chicago Carpenters' Difficulty to Be Settled by Arbitration.

Chicago, June 7.—The strike of 16,000 carpenters, which has tied up building operations in Chicago for more than a month, probably will be settled by an arbitration board. The executive committee of the Carpenter-Contractors association notified Mayor Thompson on Saturday that the association would accept any means of arbitration he might suggest. John A. Metz, president of the Carpenters' District council, announced that the union was in favor of arbitration.

ECZEMA ON LITTLE GIRL'S FACE

Very Inflamed and Red Looking. Itched and Burned Badly. Did Not Sleep Well. Used Cuticura Soap and Ointment. Face Cleared.

20 Windsor Ave., East Lynn, Mass.—"My little girl's face broke out first as a pimply and she scratched it causing it to spread all over her face as a fine rash. There was an eruption on her chin and her face was very inflamed and red looking. I thought she would be scared for life. I thought it was eczema as it itched and burned badly. She did not sleep well and it made her fretful."

"I tried all kinds of creams and also different salves but finally I thought of Cuticura Soap and Ointment and decided to try them. After using them a few times I was well pleased so I used them continually for about two weeks. Her face cleared and now you would never know she had had any skin trouble." (Signed) Mrs. R. Brown, August 5, 1914.

Sample Each Free by Mail

Although Cuticura Soap (25c) and Cuticura Ointment (50c) are sold everywhere you may try them before you buy them. Free sample each with 20-p. Skin Book on request. Address: post-card "Cuticura," Dept. T, Boston.

Resinol a household ointment

The same soothing, healing, antiseptic properties that make Resinol Ointment so effective for skin eruptions, also make it the ideal household remedy for:

Burns Cuts Scalds Wounds Sores Boils Blackheads Irritations and a score of other troubles which constantly arise in every home, especially where there are children. That is why you should keep Resinol Ointment ready for instant use. Sold by all druggists, prescribed by doctors.

IS AN EXPENSIVE YOUNGSTER.

Cost J. J. Astor Thirty Thousand Dollars a Year.

New York, June 7.—John Jacob Astor, now in his third year, the posthumous child of Col. John Jacob Astor, who perished when the Titanic went down, has been living at the rate of approximately \$30,000 a year, according to the accounting filed Saturday with the surrogate by his mother, Mrs. Madeline Force Astor, who is his guardian.

The court allowed Mrs. Astor \$60,000 for the maintenance of the little boy for three years; or \$20,000 a year. In the accounting filed Saturday, Mrs. Astor asserts that she has spent \$23,639 of her own money in addition for his maintenance. Chief items in the accounting are one-third of the taxes of the Astor Fifth avenue home (the taxes being approximately \$30,000 a year.) \$80,000 for professional services by physicians, lawyers and others and \$50,000 for clothing, supplies and toys.

Mrs. Astor asserts that she is informed that the income on the trust fund left by Col. Astor for the child is approximately \$140,000 and upon this assumption contends that it was Col. Astor's wish that his son be amply provided for.

Of this income, she points out, she has been allowed only \$60,000 for three years. The money she has spent from her own funds, in addition to the \$20,000, was expended from the date of the child's birth to December 31, 1914.

CHARGED WITH STEALING BONDS

Brookline Man, Pardon by Pennsylvania Governor, Rearrested.

Philadelphia, June 7.—As he stepped from the penitentiary here Saturday after serving a year of an eight years' sentence, Gilbert Sargent, 31 years old, of Brookline, was arrested by a city detective. He was sentenced on a charge of embezzling \$15,000 worth of bonds from a Philadelphia banking firm, and was released Saturday on a pardon granted by the governor.

The warrant on which he was arrested Saturday was sworn out by Lee, Higginson & Co., of Boston a year ago. In it Sargent is charged with embezzling many thousands of dollars' worth of bonds. Friends of Sargent are said to have made a settlement, but the warrant was never withdrawn, so far as the Philadelphia police are informed.

OPIUM TRAFFIC SENSATION.

Police and Members of California State Board of Pharmacy Involved.

San Francisco, June 7.—Revelations of a protected opium traffic, involving attorneys, employees of the California state board of pharmacy, members of the San Francisco police department and a variety of underworld characters, are made in a series of affidavits presented to John Francis Neylan, president of the state board of control, at an official hearing in San Francisco and made public Saturday.

The affidavits were obtained by Chief Inspector Frederick A. Sutherland of the board of pharmacy. The hearing on them will be resumed to-day. Sutherland charges that four members of the state board were remiss in not pressing accusations which he made to them.

PORTER CHARLTON CALLED SANE.

Court at Como, Italy, Hears Opinion as to Mental Responsibility.

Como, Italy, June 7.—Porter Charlton, the American, accused of having murdered his wife at their villa here, in June, 1910, was declared Saturday to have been mentally responsible at the time he shot his wife's death. An opinion to this effect was presented in court here yesterday by Prof. Maggiorini, who was appointed to examine Charlton's mental condition at the time he is alleged to have committed the murder.

Charlton's trial is to be opened early next month. He has just completed a lengthy autobiography, which he intends to present in court, together with a long document, which he has composed in his defense.

TO CARE FOR WAR BABIES.

American Women Physicians to Go to Europe.

Philadelphia, June 7.—Thirty or more American women physicians will be sent to Europe to aid in the care of war babies and their mothers, according to plans launched Friday by the alumni of the Women's Medical college, Dr. Harriet L. Hartley was appointed to head a committee which was authorized to solicit funds and to correspond with the representatives of the warring powers concerning the location of a proposed hospital for women and children in the war zone.

NO WORD FROM CHIEFS

But Situation Is Bright, Is Belief at Washington

VILLA BELIEVED TO BE FAVORABLE

Coalition of Mexican Constitutionalists May Be Recognized

Washington, June 7.—The effect of President Wilson's warning to the factions in Mexico is still unknown to the United States government. None of the chiefs has made reply. Evidences of a desire on the part of the Villa-Zapata forces to discuss terms of a reconciliation with the Carranza element, however, have not been lacking.

A coalition of the elements which originally composed the successful constitutional party in its campaign against Huerta would meet with early recognition, according to the prevailing view in official quarters at Washington.

The attitude of General Carranza has not been clearly defined, but from all available information he intends to press his military campaign in an effort to dominate the situation by force.

Reports from the border that the Villa officials had sent a request to Elizeo Arredondo, Washington representative of Carranza, to outline a basis for negotiations, were declared unfounded by Mr. Arredondo himself as well as Enrique C. Lorente, the Villa representative.

The president's statement, however, has stimulated discussion among Mexicans of all factions in Washington, and the possibility of a reunion of the Villa-Zapata and Carranza factions is widely commented upon.

Administration officials are hopeful of a reconciliation, but believe that until it is determined whether General Villa has won a decisive victory over General Obregon, the Carranza commander in central Mexico, as reported, developments in the political situation are unlikely.

20,000 MEXICANS FED.

American Food Reaches Starving People in Monterey.

Washington, June 7.—More than 20,000 hungry Mexicans already have been fed at Monterey from supplies arriving from the United States. More than 7,000 starving people were supplied with corn Friday at the American hospital.

Generals Davila, Zertuche and Santos have expressed to Consul General Hanna thanks to President Wilson, the American Red Cross and the American people for their assistance.

The consul general made another appeal Saturday for corn, beans and rice, "to save the lives of people" most of whom are not responsible, "for the most awful conditions."

SHOOTS RESTAURANT OWNER.

Boston Chauffeur Probably Fatally Wounds Waitress.

Boston, June 7.—Walter G. Green, a restaurant proprietor of Newton Center, was shot and killed and Ruby Stewart, a waitress, was wounded Saturday at Newton Center. Charles E. Warren, a chauffeur of Boston, is under arrest, charged with murder. The shooting occurred in Green's restaurant on Center street, which was crowded with patrons at the time. According to the stories told the police by witnesses, Warren entered the diningroom and approached Miss Stewart and pointed a revolver at her head. Green sprang in front of the young woman just as the weapon was discharged and was shot through the temple.

Miss Stewart ran into the kitchen and Warren, it is alleged, followed her, shooting at her. A bullet lodging in the girl's head and another in her body. Warren then walked into his automobile, in front of the restaurant, where he was seized and disarmed after a struggle and held until the police arrived.

CORRUPT ELECTION CHARGE.

Prominent Texas Officials Indicted for Alleged Conspiracy.

Corpus Christi, Texas, June 7.—Forty-two persons, including United States Commissioner T. B. Southgate, officials of Nueces county and the local chief of police, were indicted at Corpus Christi Saturday by the federal grand jury on charges of conspiring to corrupt an election. The grand jury has been investigating the election held at Corpus Christi since last November.

WEAK STOMACHS CAUSE GAS

Stomach gas which is a cause of great discomfort to many people is caused by the food being retained so long that it ferments if it is vegetable food or putrefies if it is animal food. The usual treatment is to forbid the use of the food that is causing the trouble. This stops the discomfort caused by gas but few people like to be put on a limited diet. They generally try another doctor.

Food is retained until it causes gas because the digestion is weak. That is a simple statement of a complicated condition. Digestive weakness may involve a deficient secretion of digestive fluids, lack of force in the nerves that control digestion, many things, but lack of them all is this blood. "Without rich, red blood good digestion is impossible" is an established fact in medicine. You can enrich your blood with Dr. Williams' Pink Pills and begin at once to restore your digested digestion until you can eat what you want, within reason, and enjoy it. These pills have a direct action on the nerves also and so are an ideal digestive tonic.

Your own druggist sells Dr. Williams' Pink Pills. A six-week trial will help you solve your stomach problem. Write for free literature to the Dr. Williams' Medicine Co., Schenectady, N. Y.

STANDARD OIL CO. OF NEW YORK

Look For This SIGN

IT is the sign carried by all garages and stations which sell SOCONY Motor Gasoline—the "Standard Gasoline" which careful motorists have always insisted upon.

Gasoline bought under the SOCONY Sign is a guaranteed, uniform product. It is the same now as last week—here or two hundred miles away.

With SOCONY Motor Gasoline in your tank, and POLARINE in your crank case, your engine troubles will be few and far between.

POLARINE is the standard oil for all types of motors. It keeps its proper lubricating body in the hottest cylinder, and insures a maximum of lubrication and a minimum of carbon.

Look for the red, white and blue SOCONY Sign. You will see it everywhere you go—the sign of quality in fuel and lubricants.

STANDARD OIL CO. OF NEW YORK

BIG BATTLE IS COMING

Russians Make a Stand for Combat South of Lemburg

IN THE GRODEK LAKE REGION

Austro-German Reports Says Russians Are Retreating

London, June 7.—A further advance of the Austro-German forces toward Minsk, with indications of a great battle near the Grodek lakes south of Lemburg, are reported from the Galicia front. The Austro-German military authorities, according to these reports, anticipate serious opposition in the Grodek lakes region on the part of the Russians, reinforced by large numbers of reserves.

With this event forecast in the southern war theatre, both the Russians and the Austro-Germans continue fighting along the entire front in Galicia. Reports from Vienna declare that the Russians are in full retreat, although the Petrograd war office maintains that the advance of the enemy has been arrested 10 miles east of Przemyel.

Reports from the Galicia front to Berlin indicate that the Austro-German troops are now in complete possession of all parts of Przemyel. The Russians continued stubbornly each advance, but at length were driven from the eastern and southeastern forts, which were the last to fall. It is generally admitted that the larger part of the Russian force in Przemyel was able to effect a retreat eastward by defending the positions toward the south. This checked the attacking army of Gen. von Boehm-Ermoldi and temporarily prevented the complete circling of the city. Apparently the city suffered during the Russian occupation. Huge stores of provisions were recovered and a considerable amount of war material was captured.

Immediately after the occupation of Przemyel Gen. von Mackensen's army moved eastward. It encountered a Russian rear guard on the heights near Medyka, where fighting is still in progress. The Teutonic allies have succeeded, however, in joining their forces along a continuous front, moving eastward, which has relieved the difficult position of the north wing.

The only serious opposition which is expected will probably be offered near the Grodek lakes south of Lemburg, where the Russians may be able to throw in reserves. It is expected that the army of Gen. Ludendorff, moving northward from Stry, would be able to threaten the Russians from the rear if they should offer such resistance.

Russians in Stronger Position.

Further discussion of the contention of Przemyel brought out the claim in

Petrograd Saturday that the Germans doubled their forces operating on their southward front during the Galician advance, and that fresh troops and artillery are still being sent in. Most of these reinforcements are being directed toward the Russian left flank in the Diester region, this having become, since the abandonment of Przemyel, the chief point of the Austro-German attack.

The movement of the German center would appear to have been stopped ten miles to the east of Przemyel and the elimination of the irregularities of the alignment of the Russians has, according to Russian military authorities, advantageously shortened their front from 50 to 15 miles. The front line from Gussakow to Volodia previously received its length and its irregularity because of the necessity of including the ring of the Przemyel forts. Then it was 50 miles long. Now it is a straight line between the two points and not more than 15 miles long.

With this center of the Galician operations marking time, the Germans are described at Petrograd as being forced back into their extreme left near the lower San and as advancing toward the Diester fortification on their right. This gives the situation as a whole the character of a slow pivoting movement with Przemyel as the center.

CANAL CRUISE ABANDONED.

Atlantic Fleet Will Not Go Through On Account of Slides.

Washington, D. C., June 7.—President Wilson has agreed with Secretary Daniels that it will be unwise to attempt to send the Atlantic fleet through the Panama canal in July as had been planned, and a formal announcement may be made soon. Gov. Goethals has reported that the condition of the slides in Gaillard cut is very indefinite.

MASS MEETING AGAINST FRANK.

Georgia Clergyman Speaks "in Defense of Trial by Jury."

Atlanta, Ga., June 17.—Addressing a crowd which gathered on the state capitol grounds Saturday night in response to handbills which had been distributed, calling a meeting "in defense of trial by jury," Rev. A. C. Hendley, who introduced himself as a Baptist minister, declared that they had met "to uphold the laws of Georgia and the decisions of its courts." He protested against commutation of the sentence of Leo M. Frank, an application for which is now before the state prison commission. The meeting adopted resolutions "protesting against outside interference with the courts and laws of Georgia."

Hendley was the only speaker. At the close of his address, the crowd dispersed quietly.
